COMMISSIONER FOR PATENTS

LETTER TO EXAMINER: COMMENTS ON NOTICE OF ALLOWABILITY

Applicants thank Examiner Seharaseyon for the Notice of Allowability issued on April 3, 2007, and for his assistance throughout prosecution of this matter.

Further, Applicants thank the Examiner for indicating in the Notice that “[t]he instant invention is directed to hybrid interferon- α polypeptide of SEQ ID NO: 9, 11, 30, 32, 36, 38, 40 and 42 and the nucleotide of SEQ ID NO: 8, 10, 29, 31, 35, 37, or 41” (at page 4). Applicants understand that this statement is acknowledgement of the withdrawal of the requirement for restriction among these specific sequences, in view of the allowance of generic claim 1 (and the sequence defined generically therein). With regard to the same statement in the Notice, Applicants note on the record that the “instant invention” is in fact defined by the allowed claims, which are not limited to sequences in the listed SEQ ID NOs.

Examiner Seharaseyon is invited to telephone the undersigned if any questions remain.

Respectfully submitted,

KLARQUIST SPARKMAN, LLP
